Organized by

Cardiff Metropolitan University-United Kingdom (UK), University of South Wales, United Kingdom (UK), University of the west of England, United Kingdom (UK), Swansea University, United Kingdom (UK), Cardiff University, United Kingdom (UK), University of Wales Trinity Saint David, United Kingdom (UK), **Sinhgad Technical Education Society-Sinhgad Institute of Management, Pune (India).**

December 08 - 09, 2025

About Conference

The ICCS 2025 is an unparalleled opportunity to discuss cyber threat analysis, operations, research, and law enforcement to coordinate various efforts to create a more secure world. The ICCS 2025 serves as a platform for researchers and practitioners from academia, industry, and government to present, discuss, and exchange ideas that address real-world problems with security and privacy in communication networks. The conference program will include special sessions, presentations delivered by researchers from the international community, including presentations from keynote speakers and state-of-the-art lectures and keynote speeches.

Through sharing and networking, ICCS 2025 will provide an opportunity for researchers, practitioners and educators to exchange research evidence, practical experiences and innovative ideas on issues related to the Conference theme.

Please consider submitting to this conference. We are interested in the entire range of concepts from theory to practice, including case studies, works-in-progress, and conceptual explorations

ICCS 2025 Call for Papers

The proposed **11th International Conference on Cyber Security, Privacy in Communication Networks (ICCS-INS) 2025** provides a platform for researchers and professionals to share their research and reports of new technologies and applications in Cyber Security and Privacy in Communication Networks.

The ICCS 2025 is a collaborative platform for academic experts, researchers, and corporate professionals for interacting their research in various domains of information security like security in cloud, cyber war, cybercrime analysis, crypto jacking and security software development etc.

All accepted and presented papers will be reviewed for possible publication in Springer Nature's LNNS.

Please consider submitting your works to this conference. We are interested in the entire range of concepts from theory to practice, including case studies, works-in-progress, and conceptual explorations.

Join us, 08-09 December 2025, to explore discovery, progress, and achievements related to various cyber security techniques and privacy issues in communication networks.

Dr. Chandrani Singh
Conference Session Chairperson: Collaborator SIOM

Memeber Dr. Milind Godase, SIOM Dr. Ankush Kudale, SIOM	Member Dr. Bhagwat Kaulwar, SIOM Dr. Ramesh D Jadhav, SIOM
--	---

All Accepted & Presented papers will be published in SCOPUS indexed Springer LNNS.

Special Sessions

Data analysis & Information Enabling through technology tools & Security

- | | |
|--|---|
| <ul style="list-style-type: none"> • Cyber Security & Challenges • Data Gathering, Privacy and Security • Biometrics, Forensics, and Security • Industry 5.0 Technologies • Drones and Robotic Technology • Augmented Reality and Virtual Reality • Computer Vision, Natural Language Processing • Quantum Computing & Generative AI, • Emerging Applications and Systems • IoT Power & Utilities. • Image & Video Quality Models • Big Data and Cloud Computing • Data Engineering and Data Analytics • Data mining technique & Visualizations • System Security Analysis and Design • Information Security & Data Protection | <ul style="list-style-type: none"> • Block chain Technology and Cryptocurrency • AI based on functionalities • Statistics and Mathematical models • AI for Social Impact &, Robotics • Algorithms and Models • ANN and Deep Neural Networks • Biomedical and Image Processing • Reinforcement Learning • Graphics and Network- 5G & 6G Wireless Technology • Data Communication & Computer Network • Brain models, brain mapping, Cognitive Science • Software Project Management • Artificial intelligence and Machine learning • Data Science advancements with Industry 5.0 Technologies |

Important Dates Deadlines

Call for Paper:	July 01, 2025
Submission of Full Paper:	October 15, 2025
Notification of Acceptance:	November 25, 2025
Early Bird Registration:	November 30, 2025
Conference:	December 08-09,2025
Camera-ready:	December 31, 2025
Publication (Tentative):	December, 2026

Submission Process:

Researchers and practitioners are invited to submit papers for this special theme session **Data analysis & Information Enabling through technology tools & security Issue** on or before October 15, 2025. All submissions must be original and may not be under review by another publication.

Submission Link - <https://iccs2025.iaasse.org/call-for-papers.html>

All submitted papers will be reviewed on a double-blind, peer-review basis.

Paper Submission Guideline

Papers reporting original* and unpublished research results pertaining to the related topics are solicited.
*(papers with plagiarism more than 30% will be out rightly rejected)

To know more about paper format and other submission guidelines pls visit the following link of SN LNNS:

<https://www.springer.com/gp/computer-science/lncs/conference-proceedings-guidelines>

Submissions should include the author(s), affiliation(s), e-mail address(es), and postal address(es) in the manuscripts. Papers will be selected based on their originality, timeliness, significance, relevance, and clarity of presentation. Paper submission implies the intent of at least one of the authors to register and present the paper, if accepted.

Research Paper send on this mail_id:

directormca_siom@sinhgad.edu, milindgodase@sinhgad.edu , ankush.kudale@sinhgad.edu,
bhagwat.kaulwar@sinhgad.edu

Presentation through Virtual Platform
